Contractor Product Guide

WAGNER PRODUCTS

Airless Townsville is proud to offer Wagner's third generation of ProSpray pumps with improvements including a tilt feature, new packings, simple lube system, valve trigger and a quick couple pump. There is a ProSpray piston pump for almost every area of application, from lacquers and emulsions up to highly viscous materials for both small and large construction sites.

Wagner 3 + 2 Warranty

With each newly purchased ProSpray unit you will also receive a three-year limited warranty from Wagner.

Better yet, by registering your product online you can secure an additional two-year warranty. This is unique in the industry and shows that Wagner is willing to back the professional quality of their ProSpray units.

Just to reiterate: three-year warranty + two extra years (via online registration) = five-year peace of mind!

ProSpray Features

Digi-Trac Control

- Digital display reads out machine data, consumption figures, runtimes and more
- Intelligent deadband control, SlowMotion function and FrequentClean guarantee trouble-free work and quick cleaning

Brushless DC Motor

- Requires no maintenance thanks to its compact dimensions light weight
- Motor works even more efficiently at low and also at high speeds
- Provides constant material pressure

Easy-Access Filter

- Additional filtering protects against paint blockages and facilitates the workpackings for significantly lower maintenance costs
- Three different filter inserts (fine, medium, coarse) ensure optimal match with the material

Self-Adjusting Packings

- The new practical, self-adjusting packings lead to less wear and are easy to change
- Service life up to 50% longer than the current packings which means significantly lower maintenance costs

Tilting Cart Feature

- Quick change of the suction system without tools
- Fast change of the container and easy cleaning thanks to the tilting cart

ProSpray 3.21 Skid

Entry level for contractors, suited for virtually any indoor application with airless gun or internally fed paint roller and also for painting jobs.

Key Features

- Flexible suction system
- Push-button to oil piston
- The inlet valve depressor guarantees a high operating reliability
- Max. nozzle size 0.023"
- Max. delivery rate 2.0 l/min
- Motor output 0.65 kW
- Voltage 230V/50Hz, Weight 16 kg

Package Inclusions

- ProSpray 3.21 skid unit
- 15 m x 1/4" HP hose 3300 psi yellow
- Airless gun AG 08, 250 bar incl. TradeTip 2 nozzle holder, TradeTip 2 nozzle 519

Part No. 0558009

ProSpray 3.23 Skid

Compact paint spraying system ideal for object sizes up to 200 m². For spraying of emulsion paints, primers, fillers and latex paints. With Digi-Trac control.

Key Features

- Maintenance-free brushless DC motor
- Reliable, easy maintenance
- Max. nozzle size 0.024"
- Max. delivery rate 2.3 l/min, Weight 16 kg
- Motor output 0.89 kW, Voltage 230V/50Hz

Package Inclusions

- ProSpray 3.23 skid unit
- 15 m x 1/4" HP hose 3300 psi yellow
- Airless gun AG 08, 250 bar incl. TradeTip 2 nozzle holder, TradeTip 2 nozzle 419

Part No. 0558010

* Pictured with optional hopper (not included)

ProSpray 3.25 Skid

Mobile paint spraying system for object sizes 200 to 800 m². For spraying of emulsion paints, primers, fillers and latex paints. With Digi-Trac control.

Key Features

- Digital display with handle machine data, consumption figures, runtimes and more
- Push-button to oil piston, conserve packings
- Max. nozzle size 0.027"
- Max. delivery rate 2.6 l/min
- Motor output 1.1 kW
- Voltage 230V/50Hz, Weight 25.5 kg

Package Inclusions

- ProSpray 3.25 skid unit
- 15 m x 1/4" HP hose 3300 psi yellow
- Airless gun AG 08, 250 bar, incl. TradeTip 2 nozzle holder, TradeTip 2 nozzle 419

Part No. 0558011

ProSpray 3.25 High Boy *

Mobile paint spraying system for object sizes 200 to 800 m². For spraying of emulsion paints, primers, fillers and latex paints. With Digi-Trac control.

Key Features

- Digital display with handle machine data, consumption figures, runtimes and more
- Push-button to oil piston, conserve packings
- Max. nozzle size 0.027"
- Max. delivery rate 2.6 l/min
- Motor output 1.1 kW
- Voltage 230V/50Hz, Weight 25.5 kg

Package Inclusions

- 15 m x 1/4" HP hose 3300 psi yellow
- Airless gun AG 08, 250 bar, incl. TradeTip 2 nozzle holder, TradeTip 2 nozzle 419

Part No. 0558013LB (low boy)

Part No. 0558012HB (high boy)

* Low boy also available (high boy pictured)

ProSpray 3.29 High Boy *

The ideal piston pump for all medium-sized construction site applications. Fast change of the container and easy cleaning thanks to the tilting cart.

Key Features

- Digital display with handle machine data, consumption figures, runtimes, intelligent deadband control, SlowMotion and more
- Quick change suction system (without tools)
- Max. nozzle size 0.029"
- Max. delivery rate 3.0 l/min
- Motor output 1.5 kW
- Voltage 230V/50Hz, Weight 38 kg

Package Inclusions

- 15 m x 1/4" HP hose 3300 psi yellow
- Airless gun AG 08, 250 bar, incl. TradeTip 2 nozzle holder, TradeTip 2 nozzle 419

Part No. 0558015LB (low boy)

Part No. 0558014HB (high boy)

* Low boy also available (high boy pictured)

ProSpray 3.31 High Boy

The versatile power pack. Equipped with further innovative details and particularly impressive in the application of high viscosity materials.

Key Features

- Fast change container, tilt cart for cleaning
- Quick change suction system (without tools)
- Maintenance-free brushless DC motor
- Max. nozzle size 0.032" (2 guns 0.021")
- Max. delivery rate 3.8 l/min
- Motor output 1.7 kW
- Voltage 230V/50Hz, Weight 38 kg

Package Inclusions

- ProSpray 3.31 high boy unit
- 15 m x 1/4" HP hose 3300 psi yellow
- Airless gun AG 08, 250 bar incl. TradeTip 2 nozzle holder, TradeTip 2 nozzle 421

Part No. 2308262

ProSpray 3.34 High Boy

Fully equipped high performance Airless unit. Ideal for high viscosity materials or abrasive media, such as flame retardants or bitumen.

Key Features

- Suitable for large construction sites
- Digital display with handle machine data, consumption figures, runtimes, intelligent deadband control, SlowMotion and more
- Max. nozzle size 0.034" (2 guns 0.023")
- Max. delivery rate 4.5 l/min
- Motor output 1.94 kW
- Voltage 230V/50Hz, Weight 43 kg

Package Inclusions

- ProSpray 3.34 HR high boy unit
- 15 m x 1/4" HP hose 3300 psi yellow
- Airless gun AG 08, 250 bar incl. TradeTip 2 nozzle holder, TradeTip 2 nozzle 421

Part No. 2308263

ProSpray 3.39 High Boy

Fully equipped high performance, airless system for emulsions and fillings. Construction sites can be economically processed with only one unit.

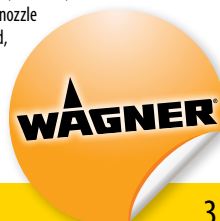

Key Features

- Suitable for large construction sites
- Digital display with runtimes and more
- Max. nozzle size 0.039" (2 guns 0.026")
- Max. delivery rate 5.0 l/min, Weight 44 kg
- Motor output 0.89 kW, Voltage 230V/50Hz

Package Inclusions

- ProSpray 3.39 high boy unit
- 15 m x 1/4" HP hose 3300 psi yellow
- Airless gun AG 14, NPS 1/4", incl. TradeTip 2 nozzle holder, F-thread, TradeTip 2 nozzle 431, 231

Part No. 2308258

Wagner Airless Guns

AG08 Airless Spray Gun, G-Thread

Key Features

- Entry level airless gun
- Includes filter, swivel, 1/4" nozzle holder and 517 Trade Tip 2
- Max. pressure 3600 PSI / 25 Mpa

Part No. 0296362

AG14 Premium Airless Gun, G-Thread

Key Features

- High production stainless steel airless gun
- Includes filter, swivel and nozzle holder
- Max. pressure 3900 PSI / 27 Mpa

Part No. 0502119

G15 Premium Airless Gun, F-Thread ¹

Key Features

- Industrial quality stainless steel airless gun
- Includes filter, swivel and nozzle holder
- Max. pressure 7700 PSI

¹ Can be converted to 'G' thread with adaptor

Part No. 0347002

ProSpray Accessories *

* Other parts and accessories available incl. pump care products

Wagner TradeTip 2 Nozzles

Key Features

- Wide range of uses for optimum adjustment to suit your requirements
- Various types and sizes from 0.007" to 0.067"
- Spray angles 10° to 120°

Contact us for more

Wagner 2SpeedTip

Key Features

- Innovative 2SpeedTip, two nozzles in one
- Change quickly between two nozzle sizes
- Working flexibility and optimal adjustment

Wagner Gun Filters

Key Features

- Prevent nozzle blockages

Part No. 0097022 Extra fine, red (10 pack)
Part No. 0097022 Fine, yellow (10 pack)
Part No. 0097022 Medium, white (10 pack)

Wagner Inline Paint Roller

Key Features

- Airless system transports the coating material from the drum to the paint roller automatically
- Allows efficient working

Part No. 0345 010

Wagner Extension Poles, G-Thread

Key Features

- Rated to 3600 psi, with reversible trade base

Part No. 556074 (6")
Part No. 556075 (12")
Part No. 556076 (18")
Part No. 556077 (24")

Wagner Large volume Container

Key Features

- Mobile, solvent-resistant container for application of large quantities
- 100 litres, easy clean and low weight unit

Part No. 2309956

Wagner High pressure Hose

Key Features

- 1/4" HP hose 3300 psi for variety of applications

Part No. ??
1/4" hose 15 m yellow
Part No. 0154025
1/4" hose 30 m yellow

Wagner PumpRunner

Key Features

- Clean solution
- Patented accessory for air-tight closure of the suction tube

Part No. 2306987

Wagner TipClean

Key Features

- Fast contactless cleaning and clean storage

Part No. 0097108 Container special cleaner
Part No. 0097110 Special clnr. for TipClean
