## Graco Line Markers

Airless & Pressure Cleaner Services are proud distributors and authorised service agents of Graco products. The Graco LineLazer range offers solutions for medium to large jobs that demand line perfection everytime! The LineLazer 200HS range is the preferred line marker for professional contractors who demand unmatched hydraulic power. Graco LineLazer's are backed by a 3-year warranty.

### Typical Applications

Parking lots and roadways, sports field / turf line marking, footpaths, airport runways

### Material Handling

Common and rubberised traffic paints, architectural coatings, waterborne traffic paints, Low-VOC traffic paints.

## Graco LineLazer 3400

One-gun line marker for parking lot and seal coating contractors.

### Key Features

- Max. tip 0.027 (1 gun)
- Max. pressure 3300 PSI (227 bar)
- Max. flow rate 2.8 l/min
- Operator controls are located right at the handle bars – fine tune the stripper's operation without stopping production!
- Electronic pressure control provides excellent line quality
- Single-stage gear drive system prevents downtime with fewer parts
- Chromex long life pump rod
- Honda 4 HP engine

LineLazer 3400 (1 gun)  
Part No. 248861

## Graco LineLazer IV 3900

Suitable for both pavement and turf marking applications.

### Key Features

- Max. tip 0.036 (1 gun), 0.025 (2 guns)
- Max. pressure 3300 PSI (227 bar)
- Max. flow rate 4.7 l/min
- Vibration Reduction System eliminates engine vibration for better line quality
- Lightweight gun holder minimizes gun movement caused by rough pavement
- Rear gun mount allows placing the guns near the rear axle for straighter long lines and smoother curved lines
- Chromex pump rod, Honda 4 HP engine

LineLazer IV 3900 (1 gun)  
Part No. 288862  
LineLazer IV 3900 (2 guns)  
Part No. 288863  
LineLazer IV 3900 (Auto Layout)  
Part No. 253953

## Graco LineLazer IV 5900

Designed specifically to deliver the most precise and consistent lines.

### Key Features

- Max. tip 0.043 (1 gun), 0.029 (2 guns)
- Max. pressure 3300 PSI (227 bar)
- Max. flow rate 6.0 l/min
- Vibration Reduction System eliminates engine vibration for better line quality
- Lightweight gun holder minimizes gun movement caused by rough pavement
- Rear gun mount allows placing the guns near the rear axle for straighter long lines and smoother curved lines
- Chromex pump rod, Honda 5.5 HP engine

LineLazer IV 5900 (1 gun)  
Part No. 248866  
LineLazer IV 5900 (2 guns)  
Part No. 248867  
LineLazer IV 5900 (Auto Layout)  
Part No. 253954

## Graco LineLazer IV 200HS

High production line marker for medium to large jobs.

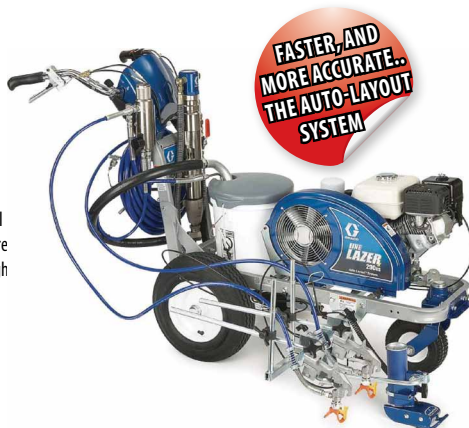

### Key Features

- Max. tip 0.047 (1 gun), 0.034 (2 guns)
- Max. pressure 3300 PSI (227 bar)
- Max. flow rate 8.14 l/min
- Vibration Reduction System eliminates engine vibration for better line quality
- High capacity cooling system
- Cooling fan delivers nearly 70% more air flow to keep hydraulic pump running cool
- SmartControl for consistent spray pressure
- Chromex long life pump rod, flow-through easy out filter design
- Honda 5.5 HP engine

LineLazer IV 200 HS (1 gun)  
Part No. 288870  
LineLazer IV 200 HS (2 guns)  
Part No. 248871

## Graco LineLazer IV 200HSAL

Pre-mark and apply stripes in 1 pass with Auto-Layout system!

### Key Features

- Max. tip 0.047 (1 gun), 0.034 (2 guns)
- Max. pressure 3300 PSI (227 bar)
- Max. flow rate 8.14 l/min
- Pin point accuracy - accurate to 1/4" at 100 feet
- Less hassle, less fatigue - no bending to mark the lines and read a tape measure
- Exclusive Durable Can Holder Design - built to last in all conditions and folds up for on board storage
- Rear gun mount allows placing the guns near the rear axle for straighter long lines
- Chromex long life pump rod
- Honda 5.5 HP engine

LineLazer IV 200HSAL (Auto Layout)  
Part No. 253955

## LineDriver Ride-On

Why walk when you can ride? Double your line marking production!

### Key Features

- Connect LineDriver to LineLazer IV line marker and double your production
- Manual pull starting system for engine
- Vibration reduction system eliminates engine vibration while keeping line quality the best in the industry
- Dual pedal design for forward and reverse
- Forward speed up to 16 km/h, reverse 10 km/h - change directions instantly for consistent lines
- 5.5 HP Honda GX engine, fuel capacity 3.6 L
- Variable displacement hydrostatic pump
- Twin parallel plumbed wheel-drive motor

LineDriver Ride-On System  
Part No. 262004

## LineDriver HD Ride-On

Why walk when you can ride? Double your line marking production!

### Key Features

- Connect LineDriver to LineLazer IV line marker and double your production
- ProStart engine starting system - up to 50% less pulling effort to start the engine
- Vibration reduction system eliminates engine vibration while keeping line quality the best in the industry
- Dual pedal design for forward and reverse
- Forward speed up to 16 km/h, reverse 10 km/h - change directions instantly for consistent lines
- 6.5 HP Honda GX engine, fuel capacity 3.6 L
- Variable displacement hydrostatic pump
- Twin parallel plumbed wheel-drive motor

LineDriver HD Ride-On System  
Part No. 262005

## Auto Layout System

Eliminate the hassle of manually laying out car parks and pre-marking roadlines with the all new Auto-Layout LineLasers from Graco.

### Finish Jobs Faster

- 30% faster with walk behind line markers and 50% faster when using the LineDriver HD option

### Less Hassle, Less Fatigue

- No bending to mark the lines
- No straining to read a tape measure
- Assists with calculating distances and lot sizes

### Pin Point Accuracy

- Accurate to 1/4" at 100 feet
- Simple to use everytime

### New Digital Display

- The display now shows psi, mph, miles-instant average, lineal foot, gallons and miles-total

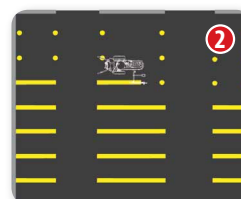

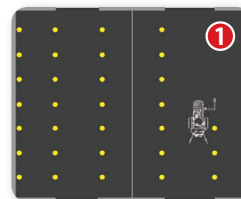

### Parking Lot Layout

- 1 Accurately places layout dots for you
- 2 Simply connect the dots

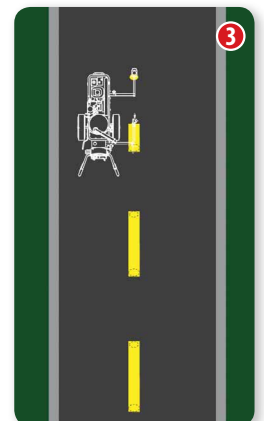

### Roadline Layout

- 3 Pre-mark and apply stripes in one pass

### Parking Lot Layout

### Roadline Layout

## LineLazer RAC 5 Tips

Comprehensive range of Tips to suit your material handling requirements.

### RAC 5 Switchtips 2" (51mm)

- Part No. 286113 Light film build and sport court applications
- Part No. LL5213 Heavy film build and sport court applications
- Part No. LL5215 Light film build and sport court applications
- Part No. LL5217 Medium film build and alkyd paints applications
- Part No. LL5219 Heavy film build and alkyd paints applications

### RAC 5 Switchtips 4" (102mm)

- Part No. LL5315 Light film build for most traffic paints
- Part No. LL5317 Medium film build for most traffic paints
- Part No. LL5319 Medium film build for most traffic paints
- Part No. LL5321 Heavy film build for most traffic paints
- Part No. LL5323 Heavy film build for most traffic paints
- Part No. LL5325 Heavy film build for most traffic paints
- Part No. LL5327 Heavy film build for most traffic paints
- Part No. LL5329 Heavy film build for most traffic paints
- Part No. LL5331 Heavy film build for most traffic paints
- Part No. LL5333 Heavy film build for most traffic paints
- Part No. LL5335 Heavy film build for most traffic paints

### RAC 5 Switchtips 4-8" (102-204mm)

- Part No. LL5417 Light film build for paints & high solids traffic paints
- Part No. LL5419 Medium film build for paints & high solids traffic paints
- Part No. LL5421 Heavy film build for paints & high solids traffic paints
- Part No. LL5423 Heavy film build for paints & high solids traffic paints
- Part No. LL5425 Heavy film build for paints & high solids traffic paints
- Part No. LL5427 Heavy film build for paints & high solids traffic paints
- Part No. LL5429 Heavy film build for paints & high solids traffic paints
- Part No. LL5431 Heavy film build for paints & high solids traffic paints
- Part No. LL5435 Heavy film build for paints & high solids traffic paints

### RAC 5 Switchtips 8-12" (204-305mm)

- Part No. LL5621 Light film build and all traffic paint applications
- Part No. LL5623 Heavy film build and all traffic paint applications
- Part No. LL5625 Light film build and all traffic paint applications
- Part No. LL5627 Medium film build and all traffic paint applications
- Part No. LL5629 Heavy film build and all traffic paint applications
- Part No. LL5631 Light film build and all traffic paint applications
- Part No. LL5635 Heavy film build and all traffic paint applications
- Part No. LL5639 Light film build and all traffic paint applications

## LineLazer Accessories

### Graco LineLazer Line Pointer

#### Key Features

- Follow string line in both directions (wide blade)
- See-through design gives clear view of pavement
- Pointer folds up for easy curb access and storage

Short Pointer Guide 25"

**Part No. 277062**

Long Pointer Guide 40"

**Part No. 277063**

### Graco LineLazer IV Light Kit

#### Key Features

- Provides improved visibility in low-light conditions
- Low-drain, high-output LED light for use with LineLazer IV line markers
- Includes multi-position mounting hardware and 7 ft cable for mounting location flexibility

**Part No. 277061**

### Graco LineLazer IV Two-Gun Kit

#### Key Features

- Lightweight airless spray gun (2-finger trigger)
- Connect hose directly to gun via the spring guard for maximum flexibility
- Patented needle design increases life, large fluid path reduces clogging

**Part No. 243012**

### Graco EZ Bead Glass Bead Application

#### Product Options

- Dispense glass beads automatically

Complete EZ Bead System with two 6" dispensers

**Part No. 277064**

Complete EZ Bead System with one 6" dispenser

**Part No. 277065**

Dispenser Kit (contains one 6" dispenser and hose)

**Part No. 277067**

EZ Bead (contains one 12" dispenser and hose)

**Part No. 245516**

EZ Bead Aluminum Wind Deflector; 6" (153 mm) - 6 pack

**Part No. 277066**

EZ Bead Plastic Wind Deflector 12" (305 mm) - 3 pack

**Part No. 245520**

EZ Bead Plastic Wind Deflector 6" (153 mm)

**Part No. 245519**

### Graco Miscellaneous Accessories

#### Product Options

- Accessories to suit LineLazer IV line markers

Hitch Kit for LineLazer IV line markers

**Part No. 245321**

LineDriver auxiliary battery kit

**Part No. 245343**

Adjustable Spray Shield Kit attaches to line markers to contain spray pattern when applying diluted turf paints

**Part No. 249081**

All-terrain tyre for LineLazer IV 200HS model only (contains 2 rim-mounted tyres and wheel bearings)

**Part No. 249082**

### Graco 15 Gallon (57 L) Paint Hopper

#### Key Features

- Allows you to triple your paint capacity
- Increase your productivity by spending less time refilling and more time line marking

**Part No. 241104**

**WHY WALK WHEN YOU CAN RIDE! ADD A LINE DRIVER**

Authorised distributors and service agents for Graco • Straight from the Graco factory to Airless Townsville!
